THE FOLLOWING INFORMATION IS COPIED FROM THE ADAMS COUNTY
BURN ORDINANCE No. 4 of 1993 (this is a portion of the regulations)

OPEN BURNING

- A. No person(s) shall burn, or permit to be burned, a structure of any size, or burn, or permit to be burned, any material outside of a container with an approved cover, within Adams County, Pennsylvania, unless the following regulations and restrictions, which are hereby established, as well as any and all pertinent rules and regulations of the Pennsylvania Dept. of Environmental Resources, are strictly observed and adhered to:
- *** Any person(s) wishing to conduct an open burning(s) shall first notify the "Adams County Emergency 9-1-1 Communications Center", via a non-emergency telephone number, (334-8101, 677-8101 & 624-2101), to register any and all planned burnings prior to commencement of such burning. This burning registration shall include structure(s) of any size, or the planned burning of any material outside of an approved container, by the initiator(s) thereof, and the initiator(s) shall notify the Communications Center, indicating the proposed burning site (address), size and type of burning, the responsible party's name and telephone number; and
 - *** This above required notification process is for registration purposes only, and shall not to be considered a submission for approval, and at all times the person(s) who have reported such a burn, shall be fully responsible and/or held responsible for any unexpected outcome; i.e., any and all damages or injuries resulting therefrom; and
 - *** No planned burning shall be performed or permitted within less than fifty (50) feet from any building, structure of any type, forest or wooded area; and
 - *** All open, planned or controlled burnings shall commence after sunrise and shall be extinguished before sunset; no open, planned or controlled burnings shall commence before sunrise or continue after sunset; and
 - *** No open, planned or controlled burnings shall be performed or permitted, unless a person eighteen (18) years of age or older is present, at all times, to regulate and control such burning from the time such burning is ignited and commenced until the same is properly and finally extinguished.
- B. Any open burnings of any structures or substances whatsoever within Adams County, Pennsylvania, which have been reported as a "Fire" and have not been registered with the County, as required by this Ordinance, and/or any open burnings of any structures or substances whatsoever within the County which have been reported "Out-of-Control", willingly or unwillingly, shall be subject to immediate extinguishment. All such extinguishments shall be subject to response cost reimbursement which shall be paid to the all responding agencies, as per the County cost recovery table, and/or any and all fines prescribed by this Ordinance, by the responsible party(ies). (see County Fire SOP, Section X, H, the provisions of which, as, from time to time amended, are hereby incorporated herein by reference).

- C. The Adams County Fire Marshal is hereby authorized and directed to impose a "BAN" upon all open burnings of any structures or substances whatsoever within Adams County, Pennsylvania, when, from time to time, prevailing conditions and the interests of public safety mandate, in the judgment of such Fire Marshal, the imposition of such ban upon all open burning. Notice of the imposition and lifting of any such ban upon all open burning shall be announced by the Adams County Fire Marshal via announcements published in the Gettysburg Times, in the Hanover Evening Sun, as well as broadcasts over radio stations WGET/WGTY and WHVR/WYCR.

VIOLATIONS

Any person(s) or entity(ies) violating any of the provisions of this Ordinance, or neglecting to comply with any Order issued pursuant to any Section hereof, shall be guilty of a summary offense, and upon conviction shall pay a fine to the use of the County of Adams of not more than the maximum fine for a summary criminal offense, as established, from time to time, by the statutes of the Commonwealth of Pennsylvania, which statutes, as amended, are incorporated herein by reference together with the maximum term of imprisonment authorized or permitted pursuant to said statutes of the Commonwealth of Pennsylvania, in addition to, or in lieu of, or in default of, the payment of the aforesaid fine. Each violation of any of the provisions of this Ordinance shall constitute a separate offense; and, provided further, that each day during which a violator or violators neglect(s) to comply with any Order issued pursuant to any Section of this Ordinance shall likewise constitute a separate offense, punishable as aforesaid. In addition to the fines and penalties established as aforesaid, any person(s) or entity(ies) violating any of the provisions of this Ordinance, or neglecting to comply with any Order issued pursuant to any Section hereof, shall be liable for the payment unto the County of Adams for restitution equal to all costs of prosecution, as well as all costs and expenses incurred by the Fire Marshal, the Fire Chiefs and the Fire Companies in the prosecution and enforcement of the present Ordinance.

Dear Patron:

*I know you're busy, so we won't give you a long discussion on why you should recycle; chances are, you already know. So we'll just take a moment to tell you about our recycling program. These items directly support the Homeless Shelter on York Road and our Family Shelter in Gettysburg. Your involvement in our recycling program helps us to provide shelter for the homeless, meals, job training and counseling. All we ask is that you donate recyclable items that you may now be putting in the trash. On behalf of the homeless we "thank you" for your clean recyclable items. **WE ARE GRATEFUL FOR YOUR SUPPORT!***

Adams Rescue Mission Director

Electronics *(Computers, TV’s and their peripherals; not toasters, radios, etc.)*

In November 2010, the Covered Device Recycling Act (CDRA) was passed, which established requirements for individuals and entities with the handling of covered devices (i.e., computers, monitors, peripherals and televisions.) As a result, these items from Adams County must be taken to an R2/e-Stewards certified recycler or an approved drop-off point for these recyclers.

If you reside in one of Adams County municipalities that is a participant in one of the Collective Groups Waste Contracts, check with your municipal office or waste hauler to inquire about Covered Device Recycling Events.

Paint (Old) - Handling & Disposal

Oil based paint has a shelf life of 15 years; water based paint has a shelf life of 10 years if it has not been repeatedly frozen and thawed. Old paint is usable if it mixes when you stir it & no lumps appear when you brush it on a surface.

To safely dispose of non-aerosol, unusable paint/stain (oil or water-based) - mix kitty litter, commercial hardener (available at hardware stores), shredded newspaper, sand or other absorbent material with the old paint until it solidifies.

Seal the can tightly and place in your regular trash.

So why can't all plastics be recycled together?

There are many types of plastics, like the many types of metals and papers. And, like metals and papers, the different types of plastics need to be kept separated in order to be recycled properly.

Different types of plastics serve different purposes; such as...

PET (#1) – used for soda bottles because it keeps the “fizz” in your carbonated drink.

HDPE (#2) – used for milk & detergent bottles because it can be molded into a shape with a handle, making it easier for dispensing.

The code number on plastic items refers to the general type of resin contained in that item – and differences can be found within some items using the same general resin. For the various plastics to retain their special properties when being recycled into new products, they must be kept separate from each other. Caps & lids should be removed from all bottles as they are made from another type of resin and need to be processed separate from the bottles.

Example: two different items are labeled #2 HDPE; however, their properties may not be the same and require different handling. Bottles that are “blow-molded” containers are different from margarine tubs that are “injection-molded” containers. One melts at a very high temp, the other melts at a very low temp. If they are mixed in the recycling process, the resulting container would be contaminated and not usable in the packaging industry.

In Adams County, only #1 and #2 bottles (a container with a neck that is smaller than the bottom) are recyclable through most programs. Check with your recycling hauler to determine if additional plastics are accepted. You can also check the listings in this brochure under Plastic for additional options.

Why are there articles in the news about recycling issues?

Contamination is one of the biggest problems facing recycling facilities, limiting the markets for their materials. However, you can help! Find out what materials your hauler/recycler accepts and only place those materials in your recycling bin. Thank you!
